Hard Skill

Software Development
C, C++, Java, VB.net, Python

Web Development
HTML, CSS, JS, PHP, Django

App Development
Java (Android Studio), Dart (Flutter)

Backend
SQL (Oracle, Microsoft Access), Firebase

Data Structure

Soft Skill

- Observation
- Decision making
- Communication
- Multi-tasking

Education Background

2007 - 2019 • High School
S.T. Marys Convent High School, Mulund

2019 - 2022 • Diploma in Information Technology
vidya prasarak mandal Polytechnic, Thane

2022 • BE in Computer Engineering
(Pursuing)
Shah & Anchor Kutchhi Engineering College, Chembur

About Me

As a passionate student pursuing a degree in computer engineering, I am eager to expand my knowledge and skills while leveraging technology to solve complex business problems. With a strong foundation in programming and problem-solving, I am driven to explore innovative solutions and embrace new challenges. Committed to continuous learning and growth, I am determined to make a positive impact in the field of computer engineering

Projects

- **Budget List** (Android app) - The main motive of this app is to provide a platform to keep track on the expenses of the user
- **Adventure Story** (Android app, Web App, Python) - Adventure Story is a fun game app that helps users to make logical decisions and based on the decision story will move ahead
- **Slam Book** (Web App/Website) - It's a fun website that is a virtual copy of a slam book to collect Information about other friends and store them as memory
- **Personality Test** (Web App/Website) - Inspired by a Popular TV show Boboiboy Galaxy this web app is made to discover your personality and suggest you super power
- **Math Saviour** (Web App/Website) - Calculates various mathematical operations such as arithmetic Progress, Pythagorean Triplet, Cramers Method, etc.
- **To-Do App** (Python Django) - To do app helps to maintain a to do list and keep track on your task performed
- **Office Employee Management** (Python Django) - This project helps in maintaining the records of the employee and performs CRUD operation
- **Travel Management** (Software using Java Applet) - This project performs crud operations to store the data and even help in secure operations
- **Hotel Management** (Software using Java Applet) - This project helps the administration staff to have an upper hand in managing their hostel. It will have a smooth transaction of fees and salary.

Achievements/Internship/Courses

- MERN Stack Internship (Completed)
- **Code Chef**: Global Rank - 135642, **Won 5 batches in CodeChef**
- **PAPER WINGS - 2021** (Semi-Finalist)
- **9th Techno-Gurupoornima Online Project Competition** (Winner)
- **NASA Galactic Problem Solver** - (Pre-Qualifier)
- **Gearing up with Virtual Internship Program**
- Online courses:
Master the Coding Interview: Data Structures + Algorithms, 100 Days of Code: The Complete Python Pro Bootcamp for 2023, The Complete Flutter Development Bootcamp with Dart, The Web Developer Bootcamp 2023, Machine Learning A-Z™: AI, Python & R + ChatGPT Bonus [2023]
